

MEMORANDUM TO: Members of the IT Management Club and Guests  
SUBJECT: January Luncheon Meeting and Annual General Meeting

Guest Speaker: **Mr Marc Perrineau**  
**Chief Technology Officer, Imagine Room**  
Topic: ***Technology Trends – Key technologies to watch in 2014***

Mr Perrineau has 22 years experience in the IT industry. Prior to his current role, Marc was the CTO & Technical Design Authority at Atos and he was the Head of Technical Consulting – EMEA at Schlumberger. As the Chief Technology Officer with responsibility for Technical Consulting, Solution Architects and Design Planners throughout APAC, Marc has worked on the following projects:

- CCIE specializing in Advanced Mobile solutions, Network Design and Implementation
- Designed pro-active Cloud Computing and Virtualization management solutions
- Global Data Centre Consolidation and Tier-4 Data Centre Design Projects
- Design and Implement Low-Latency High-Frequency trading platforms
- Advanced Storage and Information Life Cycle Management Solutions
- Managed Security Services and Managed Security Operations Solutions

Marc's recent projects include:

- Advising enterprises on current technology trends, developing technology roadmaps and providing business case analysis
- Design and implement Global Data Centre Strategy for large international banking institution
- Develop tiered storage solution in a heterogeneous environment providing full ILM strategy for a large Asian Bank
- Design and Implement strategic managed security solution for large Asian based Investment Bank
- Design and implement converged IP-VPN network with a mixture of private and public access for large Asian Financial institution
- Design and implement large network migration from ATM based solution to IP v6 based solutions covering over 20,000 nodes for a large global banking customer
