

MEMORANDUM TO: Members IT Management Club and Guests
SUBJECT: Sep Luncheon Meeting

We are organizing a live panel discussion on the topic "*Internet of Things as a security problem*". Representatives from three distinct groups (consultant or security expert, user and solution provider) are going to share their views and respond to your questions around.

Panelists:

Ms Linda Hui

**Managing Director,
Hong Kong & Taiwan
F5 Networks Hong Kong
Limited**

Linda is F5's Hong Kong and Taiwan managing director, responsible for developing their application delivery networking and data solutions businesses in Hong Kong and Taiwan.

She has successfully extended F5 reach in the finance, government, manufacturing and telecom sectors, growing the business two-fold in three years. Altogether, she has more than 20 years of experience in the information and telecommunication industry.

Dr Hubert Chan, JP

**Chairman
HKC International Holdings
Limited**

The Chairman of HKC International Holdings Limited (www.hkc.com.hk). Dr. Chan joined the Group in 1984 and is responsible for the formulation of corporate strategies and business development of the Group.

Dr. Chan has over 30 years of experience in ICT industry. Dr. Chan is very active in promoting the ICT industry in Hong Kong. He had served in the Executive Committee of Communications Associations of Hong Kong for over 10 years and was elected as the Chairman of the association from 2006 – 2012.

Dr. Chan also is the Chairman of GS1 Hong Kong EPC Partners Advisory Board for 2010-2012, the Chairman of Advisory Committee of Green ICT Consortium (2009-2011).

Mr Sundi Balu

**Chief Information Officer
Telstra International Group**

Sundi has over 18 years of experience in various functions of IT and consulting. Sundi was previously the CIO of Reach, a joint venture between PCCW and Telstra. He has held several senior technology roles at National Australia Bank in Asia, including program director and head of projects Asia.

Prior to joining National Australia Bank, Sundi managed a consulting business. He also held various technology roles for ANZ Bank and BHP Billiton. Sundi started his career as a systems analyst with a mining company in India.

Sundi holds a MBA from the Melbourne Business School and holds a Masters degree in Engineering from the Royal Melbourne Institute of Technology.
